the insecurity state is a book about the recent emergence of a right to security in the uk s criminal law the insecurity state sets out from a detailed analysis of the law of the anti social behaviour order and of the coalition government s proposed replacement for it it shows that the liabilities contained in both seek to protect a freedom from fear and that this right to security explains a lot of other recently enacted criminal offences this book identifies the normative source of this right to security in the idea of vulnerable autonomy it demonstrates that the vulnerability of autonomy is an axiomatic assumption of political theories that have enjoyed a preponderant influence right across the political mainstream it considers the influence of these normative commitments on the policy of both the new labour and the coalition governments the insecurity state then explores how the wider contemporary criminal law also institutionalizes the right to security and how this differs from the law s earlier protection of security interests it examines the right to security and its attendant penal liabilities in the context of both human rights protection and normative criminal law theories finally the book exposes the paradoxical claims about the state s authority that are entailed by penal laws that assume the vulnerability of the normal representative citizen the insecurity state offers a criminal law theory that is unorthodox in both its method and its content blit is focused on a contemporary development in the special part of the criminal law rather than the law s general principles blit is an explanatory political sociology of substantive criminal law rather than the more familiar normative theory but it is an explanatory theory that seeks to understand the law s historical development through an investigation of the changing character of its normative order blit does not apply a pre existing sociological or philosophical theory to the law rather it develops a theoretical explanation from detailed legal analysis and reconstruction of new labour s penal laws blit concludes that repressive criminal laws have arisen from a deficit of political authority rather than from excessive authoritarianism

enhance understanding of criminal law and clarify complex issuescriminal law longman law series 7th edition by william wilson combines coverage of the core legal principles with discussion of the theories and academic debates that underpin the subject enhance your understanding of criminal law and make use of the reading references t

criminal law explains analyses and critiques the criminal law expanded contextual coverage ensures that students can enjoy a comprehensive understanding of this most fascinating subject

this textbook is an introduction to more advanced writings on criminal law primarily designed to allow students to think critically and analyse specific topics each chapter is structured around key questions and debates that provoke deeper thought it asks questions such as why do we have the laws that we have could the criminal law look differently how should the law be applied to novel situations does the law in fact reflect prejudices the aim of the book is not to present a complete overview of theoretical issues in criminal law but rather to illustrate the current debates among those working in shaping the area the text features summaries of the views of notable experts on key topics and each chapter ends with a list of guided further reading new to this edition a new debate on the law on body modification fresh discussion of the law on dishonesty important new case law on causation detailed discussion of developments on the law on accessory significant developments on the law on sexual offences

in a substantially revised eighth edition criminal justice today continues to set the standard by which all other introductory criminal justice textbooks are measured the hallmark features that have made criminal justice today the most widely read college criminal justice textbook form the core of this new edition they include a thematic approach that contrasts the justice system s twin goals of ensuring public order and safety while guaranteeing individual rights the book s theme present since the first edition is more relevant today and continues to significantly influence the direction of american society timely content including current issues such as efforts to enhance homeland security concerns about restrictions on individual freedoms in the face of terrorist threats corporate crime identity theft high technology crime and special issues such as policing an ever changing multicultural society a futures orientation including a special chapter on the future of criminal justice that points the way to and helps students appreciate the unchanging foundation upon which american criminal justice rests simple to stay abreast of the latest news research reports and government sponsored studies of relevance to the study of criminal justice the eighth edition also brings exciting new features to criminal justice today among them are expanded police coverage including an entirely new chapter on police organization and management the criminal justice system s response to terrorism including broad coverage of homeland security issues the impact of domestic and international terrorism on criminal justice practices and procedures individual rights in the face of enhanced security and terrorism prevention response and control detailed coverage of corporate crime including possible criminal activities of companies such as enron worldcom adelphia vivendi universal kmart global crossing tyco international and london based auction house sotheby s crime mapping predictive and enforcement technologies including compstat and coplink software wearable augmented reality devices and biometrics with special graphics provided by the massachusetts state police
