a timeless book on the core concepts of film editing

post editing is possibly the oldest form of human machine cooperation for translation it has been a common practice for just about as long as operational machine translation systems have existed recently however there has been a surge of interest in post editing among the wider user community partly due to the increasing quality of machine translation output but also to the availability of free reliable software for both machine translation and post editing as a result the practices and processes of the translation industry are changing in fundamental ways this volume is a compilation of work by researchers

developers and practitioners of post editing presented at two recent events on post editing the first workshop on post editing technology and practice held in conjunction with the 10th conference of the association for machine translation in the americas held in san diego in 2012 and the international workshop on expertise in translation and post editing research and application held at the copenhagen business school in 2012

posthumous editing of a great master s work special focus on the writings of a c bhaktivedanta swami prabhupada examines how a leading figure s hallowed written and published works which remain so important to the religious community should be editorially treated following the leader s departure from this world the volume addresses the theological ethical social and legal implications of posthumous editing and even improving a great master s works this book focuses on the extensive posthumous editing of the works of a c bhaktivedanta swami prabhupada the original world teacher of krishna bhakti of the twentieth century after swami prabhupada departed from this world some of his disciples without the expressed approval of the author attempted to improve on his authorized published work which resulted in the publication of a continuing series of inauthentic altered editions this extreme editing of swami prabhupada s works precipitated the scholarly research and inquiry into the posthumous editing of a great master s work that forms the basis of this book

data editing methods and techniques may significantly influence the quality of statistical data as well as the cost efficiency of statistical production volume 2 is the logical continuation of the first part of the series which defined statistical data editing and presented associated methods and software the aim of these publications is to assist national statistical offices in their efforts to improve and economize their data editing processes

an illustrated history of california writers with extensive sections on harte clemens miller bierce and the local periodicals and publishers a considerable amount of the text is dedicated to women writers of california and the women s press association

this edition provides a detailed look at the artistic and aesthetic principles and practices of editing for both picture and sound it also contains up to date information on the influences of mtv and commercials and new technologies

now thoroughly revised and updated the book discusses recent breakthroughs in media technology including such exciting advances as video discs and cassettes two way television satellites cable and much more

every film or show that we watch no matter how great the final cut has its problems during production whether it's a bad performance from an actor a hole in the story or script continuity or pacing issues or something being placed in a shot that shouldn't be there's no shortage of problems encountered once postproduction has begun fixing these problems then becomes the job of the editor this book provides those editors with creative editing solutions they can employ to overcome these problems and is the key to nursing a sick project back to health in the editing room though the book takes an application agnostic approach specific solutions are presented for today's most commonly used non linear editing applications solutions more relevant to certain genres are discussed in depth as are solutions that editors can employ through the use of simple vfx techniques case studies and interviews with hollywood editors provide readers with real world problems encountered and solutions used to overcome them the companion website provides quicktime videos and flash animations visually demonstrating problems and how they were dealt with

beginning with the role and responsibilities of the editor this book discusses editorial outlook motivation skills and policies and procedures that provide guidance for editing the nature of the workplace automation authors and manuscripts the vital editorial manual production and ethics are also covered pertinent to editors of journals and newsletters and their contributors the book is also of value to public and academic libraries courses in journalism publishing and writing and associations or organizations that publish journals or newsletters
