this book presents the first comprehensive introduction to methods and methodologies in the humanities and social sciences in general and islamic studies in particular from a critical rationalist point of view the book aims to be a self sufficient theoretical and practical guide to the topics that it introduces it contains a large selection of fully worked out review activities and review questions plus topics for further discussion which are devised to assist readers to better understand the issues which are discussed in the book last but not least all efforts have been made to make sure that most if not all of the reading materials which are recommended in the book are not only of the highest quality but also freely available on the internet

offers a collaborative exploration of the role of historical understanding in leading disciplines across the humanities and social sciences

what is the relationship between the social sciences and the natural sciences where do today's dominant approaches to doing social science come from what are the main fissures and debates in contemporary social scientific thought how are we to make sense of seemingly contrasting approaches to how social scientists find out about the world and justify their claims to have knowledge of it in this exciting handbook ian jarvie and jesús zamora bonilla have put together a wide ranging and authoritative overview of the main philosophical currents and traditions at work in the social sciences today starting with the history of social scientific thought this handbook sets out to explore that core fundamentals of social science practice from issues of ontology and epistemology to issues of practical method along the way it investigates such notions as paradigm empiricism postmodernism naturalism language agency power culture and causality bringing together in one volume leading authorities in the field from around the world this book will be a must have for any serious scholar or student of the social sciences

library and information studies for arctic social sciences and humanities serves as a key interdisciplinary title that links the social sciences and humanities with current issues trends and projects in library archival and information sciences within shared arctic frameworks and geographies including contributions from professionals and academics working across and on the arctic the book presents recent research theoretical inquiry and applied professional endeavours at academic and public libraries as well as archives museums government institutions and other organisations focusing on efforts that further arctic knowledge and research papers present local regional and institutional case studies to conceptually and empirically describe real life research in which the authors are engaged topics covered include the complexities of developing and managing multilingual resources working in geographically isolated areas curating combinations of local regional national and international content collections and understanding historical and contemporary colonial industrial influences in indigenous knowledge library and information studies for arctic social sciences and humanities will be essential reading for academics researchers and students

working the fields of library archival and information or data science as well as those working in the humanities and social sciences more generally it should also be of great interest to librarians archivists curators and information or data professionals around the globe

this edition brings up to date a decade of research work developments of the faculty of arts and social science national university of singapore since the first volume was published in 1985 the state of the respective disciplines covered are reviewed in terms of notable theoretical and conceptual developments major benchmarks during the past decade and research lacunae that need to be addressed as well as their substantive developments and contributions in the singapore context and possible future directions resulting in a collection of essays that places the faculty s studies in an international comparative framework

list of members in v 2 4 6 7 9

the volume for 1886 contains the proceedings of the conference on temperance legislation london 1886

according to their critics social scientists rarely ask the right questions and cannot provide satisfactory answers even to the questions they ask themselves social scientists often discuss the nature of knowledge in their fields with a notable lack of clarity explanation and experience in social science by robert brown dispels the confusion with cogency and wit it is a systematic sensible and lucid analysis of the nature of the explanations put forward by social scientists explanation making is first distinguished from describing and reporting and then classified into different types based on different kinds of information used the greater part of the book consists in discussion and examination of these types of explanation and their relationships in which the usefulness and limitations of each are assessed an extraordinary variety of examples from contemporary work in all the social sciences is used including the fields of sociology anthropology psychology history demography political science and economics the author makes it clear that good social explanation is possible and that it conforms to the requirements of all good scientific explanation explanation and

experience in social science is of interest to the practicing scientist in fact it is a must have for any personal or public library with collections in the social sciences most studies in the philosophy of the sciences natural and social fall into two distinct groups those written by philosophers for other philosophers and those produced by scientists for their fellow scientists the aim of this book is to discuss questions of philosophical interest as they come to be imbedded in the work of social scientists robert brown received a degree in anthropology at the university of new mexico and did field studies among american indians before taking up graduate work in anthropology and philosophy at the university of chicago he has been at the australian national university as well as a fellow of its institute of advanced studies
