mega events such as the olympic games world cup finals and international political summits are occasions of almost unparalleled economic political and social significance for host nations and cities the scale and scope of mega event security has continued to grow enormously since 11 september 2001 consistently involving the largest policing and security operations for event hosts outside of wartime this book is the first to focus exclusively on the organisational dynamics underpinning the design and delivery of mega event security using the g20 summit in brisbane australia in november 2014 as a case study in conjunction with comparisons with events such as the toronto 2010 g20 the authors engage in a comprehensive assessment of the networks strategies and tensions involved in mega event security by drawing on the insightful experiences of those responsible for securing the brisbane 2014 g20 the authors look behind the scenes to capture the complexity of mega eventsecurity the authors argue that such an approach is essential to better appreciate how different conceptions of security ways of thinking and acting impact a range of security ideals and outcomes

rectifying the fact that little criminological attention has been paid to the notion that the security of flows increasingly embodies concerns at the heart of contemporary policing practices this book makes a significant contribution to knowledge about the policing and security governance of flows the book focuses on how the growing centrality of flows affects both contemporary risks and the policing organisations in charge of managing them the contributors analyse flows such as event security border controls and migration the movement of animal parts security related intelligence and organisational flows the emerging criminology of these as well as flows of money information and numerous commodities from pharmaceuticals to

minerals or malicious software is leading to critical advances in the understanding of the changing harm landscapes and the practices that have developed to manage them taken as a whole the book opens up the conversation and encourages the invention of new conceptual theoretical and methodological tools to help criminology tackle and better understand the mobile world in which we live this book was originally published as a special issue of global crime

digital transformation is revolutionising economies and societies with rapid technological advances in ai robotics and the internet of things low and middle income countries are struggling to gain a foothold in the global digital economy in the face of limited digital capacity skills and fragmented global and regional rules

the first behind the scenes look at the life of the most enigmatic first lady in us history melania trump is an enigma regardless of your political leanings she is fascinating and one of the most groundbreaking first ladies in history a former model who speaks five languages her upbringing in a former communist country spurred a relentless drive for stability a reluctant pillar in a controversial presidential administration she ran the east wing like none of her predecessors ever could but who is she really in free melania we get an insider s look at melania trump from her childhood in slovenia to her days in the white house and everything in between we get a behind the scenes look at her relationship with donald and her role in trump family dynamics including her strained relationship with ivanka we get a rare glimpse into her famous clothing choices including the message behind her controversial jacket i really don t care do u worn on a visit to the us mexico border and how a publicly quiet melania actually speaks very loudly if you just know where and how to listen
